**Subject:** Dimock Media Inquiries

Shawn,

Just an FYI -- I got two inquiries today about Dimock. The first from Reuters, second from Politico. I sent them on to Betsaida and she closed them out. Both reporters were calling to confirm that EPA is re-looking into contamination of wells in Dimock.

David just stopped by to let me know that he was contacted by Platts Energy, a trade pub. He will let Betsaida know and ask how to handle.
